

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

This is an extremely important and urgent issue. The public interest is being eliminated for profit and corporate gain. This is not in the best interest of the people of the United States. We have fewer and fewer options for diversity of opinion in our area - and at increasing cost.
